Thanks Aubree. I will contact Dr Perlman, and HCIS if needed, to see what they are able to find.

Wendy

Subject: RE: Request for emails

Hi Wendy and Karen,

Kevin Barlow continues to challenge our response that we have no records responsive to his request. In an effort to put this matter to rest, would you please ask Dr. Perlman if he will agree to allow HCIS to search for responsive records? The search would be limited to just the specific email addresses listed in the request; we will not review any of Dr. Perlman's other emails.

If Dr. Perlman agrees, will you please make arrangements with HCIS to do the search?

> *Please amend the request to include any traffic going to / from stanley perlman's email accounts (including but not limited to stanley-perlman@uiowa.edu) to the following addresses: danielle.e.anderson78@gmail.com, kga1978@gmail.com, any address within the @ecohealthalliance.org domain,*
> *LDu@nybc.org, rbaric@email.unc.edu, shibojiang@fudan.edu.cn from January 2018 to March 2021. Please exclude newsletters, publications, and duplicate correspondence.*

Please feel free to reach out to me if you want to discuss further. Thank you, again, for your help with this.

Aubree

Subject: Request for emails

Aubree
I sent the message that you sent to me, that also referenced the attached screenshot that Kevin Barlow is specifically looking for, and the amended request (below) to Dr Perlman again today, asking for confirmation in writing that he has reviewed both sent and received emails. I have copy/pasted both of his responses below as matter of record. He has no responsive records.

> *Please amend the request to include any traffic going to / from stanley perlman's email accounts (including but not limited tostanley-perlman@uiowa.edu) to the following addresses: danielle.e.anderson78@gmail.com, kga1978@gmail.com, any address within the @ecohealthalliance.org domain,LDu@nybc.org, rbaric@email.unc.edu, shibojiang@fudan.edu.cn from January 2018 to March 2021. Please exclude newsletters, publications, and duplicate correspondence.*

Please let me know if you need anything further. Happy to assist~
Wendy

Hi Aubree
Yes, I will get you confirmation from Dr. Perlman if his search included both sent and received emails.

Subject: RE: Request for emails

Hi Wendy and Karen,

I continue to receive follow-ups from Kevin Barlow regarding Dr. Perlman's emails. On January 22, he sent me another request, amending the scope to include not just emails sent from Dr. Perlman, but also emails sent to/received by Dr. Perlman. At the time, Wendy and I spoke about the request on the phone, and my understanding was that when Dr. Perlman searched his emails the first couple of times, he determined he had no emails to or from any of the email addresses listed in the request, from January 2018 to March 2021. I informed the requestor we had no responsive records. However, the requestor continues to insist that records should have been produced, and he sent me the attached screenshot as proof.

Since I only ever discussed the January 22 request over the phone, I wanted to double check and make sure I didn't misunderstand. Could you please confirm if Dr. Perlman also reviewed emails he had received, and determined there were no responsive records? Here is the request that was submitted on January 22:

Please amend the request to include any traffic going to / from stanley perlman's email accounts (including but not limited tostanley-perlman@uiowa.edu) to the following addresses: danielle.e.anderson78@gmail.com, kga1978@gmail.com, any address within the @ecohealthalliance.org domain,LDu@nybc.org, rbaric@email.unc.edu, shibojiang@fudan.edu.cn from January 2018 to March 2021. Please exclude newsletters, publications, and duplicate correspondence.

If there are no responsive records, please confirm. If the previous searches only looked for emails sent by Dr. Perlman, and it will now take additional time to search for received emails, please let me know the estimated staff time.

Happy to discuss further if you have questions. Thank you again for all your help (and patience) with these requests!

Thanks,
Aubree

Cc: Butler, Karen <karen-butler@uiowa.edu>
Subject: RE: Request for emails

Hi Wendy and Karen,

I informed the requestor that the search of Dr. Perlman's records produced no responsive records, and the requestor submitted a new request **extending the date range to March 2021**. Here is what was requested initially:

all records sent from stanley-perlman@uiowa.edu to the following addresses: danielle.e.anderson78@gmail.com, kga1978@gmail.com, any address within the @ecohealthalliance.org domain, LDu@nybc.org, rbaric@email.unc.edu, shibojiang@fudan.edu.cn from January 2018 to March 2020. Please exclude newsletters, publications, and duplicate correspondence.

Could you please check if there are any responsive records through March 2021?

As an FYI, the requestor also informed me that he is "literally looking at an email from Du, Lanying to Perlman (March 10, 2020)." Even if such a record existed, it wouldn't have been responsive to the first request, since the request asked for emails "sent from" Dr. Perlman. I informed the requestor that our search was only for emails sent from Dr. Perlman, but the requestor still has not asked for or clarified that emails sent to Dr. Perlman should be included in the search. Therefore, I think we should still only search for emails sent from Dr. Perlman, and not any that he received. If there's a

record of Dr. Perlman responding to the referenced March 10, 2020 email, that would probably be responsive.

If the search with the extended date range will take more than an hour, or if you have any questions, please let me know.

Thanks!

To: Meyers, Wendy J <wendy-meyers@uiowa.edu>; Butler, Karen <karen-butler@uiowa.edu>
Subject: Request for emails

Hi Wendy and Karen,

We received a public records request from an individual named Kevin Barlow (no affiliation provided) asking for Dr. Stanley Perlman's emails. The following records have been requested:

all records sent from stanley-perlman@uiowa.edu to the following addresses: danielle.e.anderson78@gmail.com, kga1978@gmail.com, any address within the @ecohealthalliance.org domain, LDu@nybc.org, rbaric@email.unc.edu, shibojiang@fudan.edu.cn from January 2018 to March 2020. Please exclude newsletters, publications, and duplicate correspondence.

I believe Dr. Perlman is in the Carver College of Medicine. Could you please coordinate the retrieval of responsive records? Please note that only emails **sent from Dr. Perlman** are being requested (not emails he received).

If it will take longer than one hour to search for and compile responsive records, please let me know the time estimate.

Thanks!
